(4 DECIMAL PLACES)
START POSITION: Kneeling with both knees on ground at Line A, ankles crossed facing down range. Hands behind head with fingers interlaced. Chin touching chest. Gun is unloaded and laying flat on ground in front of line A within easy reach. Magazines can be anywhere EXCEPT on the shooter's person.

STAGE PROCEDURE
At start signal retrieve gun and engage targets as they become visible. Note charge lines that may NOT be crossed. Space under barricade is OPEN and may be shot through.

SCORING
Comstock, 16 rounds, 90 points
7 IPSC, 2 PP
Best per IPSC, steel down = 1A
Audible - Last shot
Procedural. -10
No-shoot hit. -10
Miss. -10

SETUP NOTES:
Line A is 3 feet wide and 4 feet behind the front barricade. Covering ground with carpet or other padding is suggested. Gap under barrier should be no more than 2ft. Care should be taken to set the height of T1-7 such that a round fired from ground level does not go over the berm. Note position of no shoot between T6 and T7 is not centered. No shoots and target array T6-T7 is set at 3 feet at the shoulder.

RO NOTES: RO may wish to assume a lower position relative to the shooter in order to more easily observe shooter actions IF the shooter intends to go prone.
